It is hereby notified for general information that in pursuance of Government Order No. M. 10461-560/P. & S. 51-54-2, dated 24th August 1954, the following measures among others, have been taken to keep down the Revenue expenditure in the Press Budget.

"Government desire to lay down as a general rule for guidance that no matter should be sent for publication in the Gazette by the Secretaries to Government or by the Heads of Departments unless such publication is prescribed under the Statute, or unless the non publication of such matter is likely to cause inconvenience to the public. Notifications therefore which are at present appearing in the Gazette regarding the award of scholarships, the list of motor vehicles registered, the appointment of Dharmadarsis to Muzrai Institutions, etc., should not find a place in the Gazette".

PART VI

PUBLIC ADVERTISEMENTS

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, ATARA KACHERI, BANGALORE.

Press Note.

The students of the College of Indian Medicine in Mysore have been on strike for sometime now. Reports have appeared in some papers that the students propose to continue the strike indefinitely. They have also commented on the subject and suggested that Government should take expeditious action to end the strike. The students have mentioned some of their grievances that have to be redressed. It may be recalled that Sri Kadidal Manjappa, Chief Minster, has appealed to the students not to resort to strike whatever their grievances might be. Sri A. G. Ramachandra Rao, Minister for Education, also referred to this problem at a speech made in Mysore recently.

One of the difficulties of the students was that there was not adequate teaching staff. The Principal had resigned and had accepted an appointment elsewhere. A new Principal has now been posted temporarily and he has been asked to take expeditious action to make up any staff deficiencies which may exist. Government have also taken a decision to appoint a qualified person as the Head of the Department and to advertise the vacancy on an All-India basis. It has also been decided that the Principal's post should be advertised and a qualified person entertained.

The question of shifting the College from Mysore to Bangalore is now under active examination. The Municipal Council, Mysore, and others have represented that the College might be retained in Mysore itself. The availability of clinical material, accommodation and other facilities are all questions to be decided upon. The Minister for Local Self-Government and the Minister for Revenue have studied the problem and an early decision will be taken.

Irrespective of this question and also apart from the strike, Government have been most anxious to encourage the study and practice of Indian medicine. They have accordingly made a provision of Rs. 22'24 lakhs in the Second Five-Year Plan. Out of this, a sum of Rs. 7'01 lakhs is meant for upgrading the Ayurvedic and Unani College. It is proposed to replace the present Diploma Course of four years' duration by a five-year Degree Course and to improve the method and standards of teaching. Adequate clinical material is necessary and it is proposed to increase the bed strength of Ayurvedic Hospitals. Provision has also been made for (i) increased laboratory facilities; (ii) a separate dissection theatre; (iii) extension of pharmacy section; (iv) equipment of the Library with up-to-date publications and valuable books required for reference; (v) opening Panchakarma ward and to introduce a post-graduate course for the benefit of the students to undergo specialised study in this branch of medicine; and (vi) extension of the college building. The establishment of a Research Station at a total non-recurring expenditure of Ruppes one lakh has also been proposed. A provision of Rs. 92,000 has been made in the current year's budget for providing increased facilities to the Ayurvedic College. It will thus be clear from the above that the proposals which have been accepted by the Government go much beyond the demands put forth by the students.

Government wish to appeal to the guardians and students to call off the strike. It is common knowledge that quite a number of educational institutions in the State stand in need of increased facilities and this is not a matter on which decision can be taken in a day. In any case, it is wrong procedure to resort to a strike to get redressal of grievances. Government hope that the whole question will be viewed in its correct perspective and that the students of the Ayurvedic and Unani College will resume work immediately.

Press Note.

Some newspapers have not given the full and correct version of the speeches of the Chief Minister made in Shimoga District during his recent tour on the 13th and 14th September 1956.

With regard to the sanctioning of works, he said that Ministers cannot be accused of being partial to one place in preference to another, as the work are generally sanctioned by the subordinate Officers who are empowered to sanction them and that Government sanctions only works of considerable magnitude. He further stated that all the needs of Malnad cannot be satisfied in a year or two and that works have to be commenced at some place or the other depending upon the necessity of works and avilablity of funds. He also said that sanctioning of any particular work in a particular place should not be a ground for dissatisfaction. He appealed to the people to consider all works whether sanctioned in one place or the other as works started in pursuance of the scheme of Malnad Development.

Referring to the petitions that are generally presented to the Ministers, he appealed to the people to seek redress in the first instance, from the local Officers concerned and to approach Government only when interference at the Government level is necessary. He further remarked that at least 50 per cent of the petitions would not have been presented to the Ministers, if the local Officers had been sympathetic and vigilant. He said that the bulk of the people judged the administration on the basis of what had been done for the benefit of the public in general, but the self-seekers judged the administration from the point of view of what they were able to secure for themselves and their dependants.
